## WELCOME

We are proud to present the culture program to you for 2012-2013. The purpose of the program is to help you make the best of their stay in China by providing you with chances to experience the Chinese culture and society and engage yourself with cultural activities as well as an introduction to the Chinese language.

The programme design allows you plenty of opportunities to get to know the people in your school and the city you are placed. We hope that you will make the most of your stay here and participate in many of the numerous activities our partners and your city have to offer. It is only with the effort and initiative of motivated and excellent participants, like yourself, that iGoToChina is a success every year.

We look forward to welcoming you to China for the next intake!
